Subject: Firefighter Character Reference Letter

Dear Hiring Manager,

Mark B. Beaty is an excellent choice for the position of Anchorage Fire Department. I have worked with Mark Beaty at our facility for seven years. Mark has a fire-powered talent, bench presses, lifts weights, and can handle many reps. He is looked upon as an innovator at our gym.

Mark has to meet strenuous daily quotas as a weightlifting personal trainer. He is devoted to keeping track of his diet and intake, as well as exercising and stretching on a regular basis. He's highly flexible and agile, enabling him to defeat any attacking door effortlessly. He would undeniably be a great firefighter.

Mark's defining quality is his strength. Dragging chains of fire hoses and heaving heavy, flameproof equipment is extremely tough work. Mark won the Mr Iron Man of Anchorage Award last year because of his courage and fortitude. He is courageous, bold and not afraid of facing any threats. I definitely recommend Mr Beaty for the position of your Firefighter.

Regards,

James C Triplett
