Dear State Bureau of Identification,  
I am writing to provide you with a reference letter for a pistol permit. John Doe is a responsible and upstanding citizen who has always followed the law.

John is aware of the risks and moral obligations of owning a firearm and has prepared accordingly. He is an excellent shot and has used his firearm safely and responsibly in the past. I can think of no one who is more likely to handle a gun with greater care or maturity.

I know he would be an excellent person to have a pistol permit issued to.

Sincerely,  
Jeffrey Richards
