Dear Samuel,

With pleasure, I recommend Mr Dusty J. Correa to your agency. I have worked with Mr dusty as a professional colleague for 6 years. He possesses motivation, and optimism and values consistent things.

As a person, Mr dusty brings concern for others in need, integrity for others, and level-headedness and calm is often mentioned as leadership characteristics.

In addition to being licensed as a social worker, he carries a bachelor's degree in social work.

His responsibilities include arranging all intakes, supervising CST referrals, and coordinating the alternative proficiency assessment.

He regularly consults with fellow team members and administration to discuss possible interventions and modifications if necessary.

Mr dusty is highly knowledgeable of the administrative code governing special education and understands ethical and legal standards.

Overall, Mr dusty is a positive addition to any agency. If you have any questions, kindly contact me.

Sincerely,
