Date: February 1, 1996

To,  
The honourable judge  
Session court  
Clarksburg

Dear Judge,

I am writing this letter as the father of Robert. I want to bring to your notice that my son is the good-hearted person that he is despite facing allegations that he has faced in recent times. He is an intelligent, hard-working individual who has always put the needs of others before his own. I am very well aware of the charges that he is facing and the consequences of those but looking at the current situation of his physical diseases. I would like to plead for leniency. I am sure he will learn from his experience and will not think of repeating it.

I hope you look into this matter and consider this character reference letter before passing on any verdict. My son will strive to make amends and I am sure we will get to see his good works bringing fruitful results to our society.

Thank you  
Yours sincerely  
John Greene
